

# Print Your Own Spring Garden Fair Wagon Tag

## You will need:

- A printed copy of the tag (cardstock works best)
- Scissors
- Twine
- Packing tape

Cut out and fold the tag. Print your information on the back side.

- Unroll enough tape for both sides of the tag & unfold the tag.
- Lie the tag on the tape and press the paper smooth.
- Cut the tape from the roll.
- Carefully re-fold the tag together, pressing the ends of the tape together to seal. Trim the excess.

- Punch a hole in the tag on the folded side.
- Thread twine through hole and trim.
- Or use a zip tie to attach to your wagon.

Now you are ready to roll!
